

Opening ceremony – press release

On 16.12.2017, Taicang RAT celebrated the relocation to its new site in southern Taicang. Over 100 customers, suppliers, employees and friends of the company were invited and had a great time, as plenty of speeches were held and several entertainment events took place.

The relocation in a three times bigger site with now two wings, is tightening our position as an important part of the global vision, which makes the RAT so flexible and powerful. The commitment of the management to grow, especially in the sector of sample part production and R&D, underlines the mentality of expansion and conquest of new spheres of action.

We want to take the chance to thank all participants of the opening ceremony for accompany us since meanwhile five years.

Only the trusting but professional relationship towards customers and suppliers ensures, that the RAT is, what it is today

We got that feeling, that everyone enjoyed the evening with the real traditional show program!

A special thank goes out to all our employees of Taicang RAT, who work with great commitment and purposefulness on never leaving the path of success.

Thanks a lot and see you soon!
